Steel Cable Pulley Mechanism

25Kg Adjustable Bag Support Plate

Weight: 32Kg

Sealing PE/PP/LDPE/PVC Thermoplastics

Maximum Material Thickness: 400 micron

Wire Element & Fuse Spares Kit Included

USAGE

This manual foot operated, Impulse type heat sealer has a 100cm tall stand & a tilt head, giving it greater functionality especially for applications requiring gusseted extra-long bags with spillable products.

The sealing head delivers a 5mm seal on both top & bottom jaws that is air tight and water tight. Ideal for use with gusseted heavy micron PE, PP, BOPP, Foil and laminated bags. Examples of use: Foods, liquids, grains, powders etc.
